

CTPAT Program

Corporate Statement of Support

CTPAT stands for the “The Customs Trade Partnership Against Terrorism”. The program is a voluntary public-private sector initiative designed to achieve co-operation at the highest level of cargo security through close collaboration between U.S. Customs and Border Protection (“CBP”) and the principle stakeholders of the international supply chain such as importers, carriers, consolidators, licensed customs brokers, and manufacturers.

Scotty Manufacturing Ltd. (Scotty) Its ownership, senior management and team members are proud to be a member of the CTPAT Program. As a partner, Scotty works to protect the supply chain and identify security gaps, maintain operational vigilance and follow supply chain policies, procedures and best practices.

We make our business partners aware of our CTPAT certification and encourage all our business partners to participate in the CTPAT program. We continue to work at ensuring our customers understand that we work to provide the safest and most expeditious cross-border distribution, while also assisting in the worldwide campaign to stop terrorism.

Sincerely

Company Ownership, Managers, CTPAT team members and company staff

Scotty is a member of both CTPAT “The Customs Trade Partnership Against Terrorism” and PIP “Partners In Protection”
